WHY WALK WITH US

Four reasons we are *not like the others.*

USP 01 · 正統性

Traditional Pilgrimage Order

外宮 → 内宮 — the way it has been done for 1,500 years

Pilgrims have visited Gekū (Outer Shrine) before Naikū (Inner Shrine) for over a millennium. We walk Ise the way the ancients walked it — and explain why the order matters.

USP 02 · 学び

Deep Cultural Learning at Our Shop

日本 · 神道 · 伊勢 · 三重 · 日本人の習慣

A 15-minute briefing inside our shop covers Shintō, Ise, Mie, and everyday Japanese customs. By the time you reach the torii, you understand what you are about to see.

USP 03 · 手ぶら

Hands-Free Pilgrimage

手ぶら参拝 — 3 minutes from Iseshi Station

Drop your suitcases at our shop, slip into a samue, walk Ise unburdened. No coin lockers, no detours. Collect everything at 16:45.

USP 04 · 食

Walk & Eat Local Traditional Snacks

食べ歩き — a culture rarely allowed elsewhere

Walk-and-eat is discouraged in most of Japan — but Okage Yokochō was built for it. Matsusaka beef skewers, Ise udon, tekone-zushi, akafuku mochi, fresh oysters. A snack crawl, not a sit-down lunch.
